

A PERSONAL INVITATION TO TRY LOTPROOF

Welcome to your first trial

Help us test a smoother way to prepare vehicle listings for Facebook Marketplace.

7 DAYS FREE | THEN \$100 / MONTH FOR ONE SEAT

Checkout shows \$0 due today. Billing starts after the trial unless you cancel before it ends. Review the amount and renewal date shown in Stripe before signing up.

Teams: seats 1-4 are \$100 each; seats 5-9 are \$90 each; seats 10+ are \$80 each per month (graduated pricing).

1

Start your trial

[Open the trial signup page](#)

Enter your company name, email, and seat count. Complete Stripe checkout, then copy or download your private activation key.

2

Install and activate

[Install LotProof from the Chrome Web Store](#)

Use desktop Google Chrome. Pin LotProof, open it, paste your key, and choose **Activate this browser**. Each activated browser uses one seat.

3

Watch the demo, then follow the guide

[Watch the 81-second branded demo](#) | [Open the illustrated setup guide](#)

The video shows the vehicle-to-Marketplace workflow. The guide covers signup, installation, review, and troubleshooting.

YOUR FIRST TEST & HOW TO CANCEL

Try one vehicle first

Keep the final review in your hands. LotProof prepares a draft; you decide whether to publish.

4

Scan a dealership vehicle page

Open one vehicle-detail page and let its specifications and gallery load. Open LotProof and choose **Scan this vehicle page**.

5

Review the facts and photos

Check the year, make, model, trim, mileage, price, VIN, engine, drivetrain, colors, and photos against the source. Remove unsuitable photos from the Marketplace draft before posting.

6

Prepare a Marketplace draft

Approve the reviewed facts. Open a blank Facebook Marketplace vehicle form, choose **Fill listing**, and check every field and photo. You can stop at the draft for this test. LotProof does not press Facebook's final Publish button.

HOW TO CANCEL BEFORE YOU ARE CHARGED

1. Open [Manage subscription](#).
2. Paste the customer activation key you saved after checkout.
3. Select **Open secure billing portal**.
4. In Stripe, choose **Cancel subscription** and complete confirmation.
5. Check the confirmation and the date your access will end.

Cancel before your 7-day trial ends to avoid the first monthly charge. Closing the browser or uninstalling the extension does not cancel billing.

Tell Tadan what worked - and what needs fixing

Share whether signup, activation, scanning, and photo transfer worked. If something fails, send the step, error message, vehicle-page URL, and a screenshot with private details hidden.
